At Saving Grace, we are committed to the pursuit of Equity and Inclusion for all survivors of Intimate Partner Violence, Sexual Assault, and Stalking and are committed to creating a society free of violence for all. We acknowledge that part of our anti-violence work is to address and dismantle all forms of oppression, both at individual and institutional levels. Our goal is to address the root causes of racism, sexism, homophobia, transphobia, ableism, classism, and the intersections of these inequalities. We realize we are at the beginning phases of this important work and are striving to deepen our commitment towards creating meaningful change for a more equitable society.
